Armistice Conference Arranged
To Be Held Tuesday May
Prevent War

(By Associated Press)
Constantinople, Oct. 2.—An immediate mutual agreement to suspend all movements of troops is expected here today as the first outcome of the Mudania armistice conference which meets tomorrow.

With the armistice conference definitely fixed for tomorrow at Mudania, the peril of war between Great Britain and Turkey appeared less menacing today.

Great Britain's recession from the neutral zone controversy has caused no little surprise here. It is generally admitted that this step was the only thing that could have stayed Mustapha Kemal Pasha's hand.

And Christian Nations Look On

Constantinople, Oct. 2.—The cries of Christian refugees from Smyrna for water and food met with a Turkish lullaby, said Dr. Esther Lovejoy, of New York, president of the American Woman's hospital, who returned here after a survey of the stricken city. She declared the world had not been told the real story of the Smyrna fire and the horror.

She asserted that there are still several hundred thousand Christians in Smyrna and the interior who are in peril. She said the crowds on the quay were so great some of them were pushed into the sea. The women stood waist-deep in water holding their babies aloft to save them from drowning. At night Turkish soldiers committed excesses against the women and girls.

Representative Wood of Indiana, chairman of the republican congressional campaign committee, said today after a White House visit. He said previous estimates of a republican majority of 70 in the next house had been reversed upward to 75.

WILL PUT COAL PEACE INTO EFFECT

(By Associated Press)
Cleveland, Oct. 2.—Bathinians operators and officials of United Mine Workers gathered here today for a conference to arrange future wage scales, in accordance with the agreement signed here August 15, which ultimately ended the soft coal strike. The conference is also expected to take up the question of collective bargaining. The Cleveland agreement provides for appointment of two committees today, one to investigate the coal industry and the other to formulate a method in negotiating new contracts. A another meeting next January it is understood the miners will insist upon selection of a joint committee empowered to draft method for negotiations.

SWIFT'S PRODUCE REVIEW

Receipts of poultry, especially of spring chickens continue to show an increase, which is seasonal. Because of the large supply prices have declined somewhat. Indications point to a very large crop to be marketed the next three months. There is a light supply of fresh eggs and the price tendency is upward. Fine new laid eggs are in demand and command top prices. Creamery butter production shows a slight increase in some sections on account of better pasturage conditions. A good demand prevails and the market is steady.

GOLD PLATE REPLACES RIBS

German With Expensive Metal In His Interior Is Closely Protected Against Criminals.

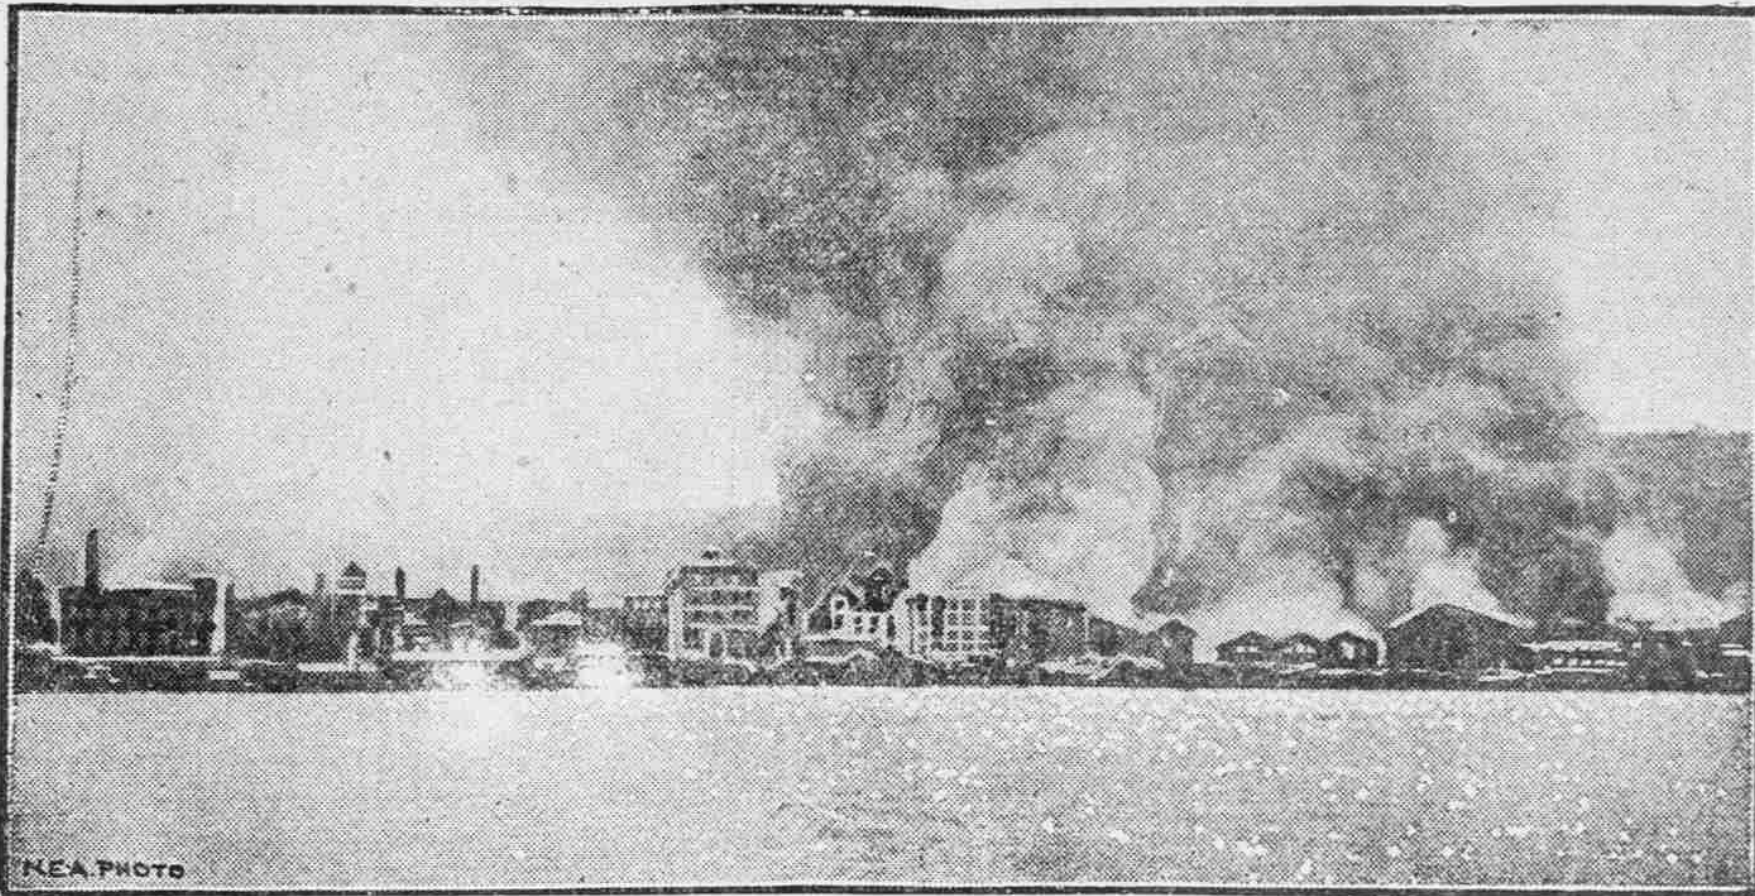

Berlin.—A young man with ribs of gold and platinum is working in a cigarette factory at Breslau. When he was a locksmith's apprentice several years ago he fell from the roof of a house and was badly injured. He was taken to a hospital where the doctors found that his skull was fractured and all his ribs but one were broken. The youth was in the hospital for no less than four and a half years, and finally the surgeons undertook to repair or replace his shattered ribs.

A metal plate was inserted in his skull and the fractured bones were replaced by ribs of gold and platinum. Two and a half years later the man was able to leave the hospital, and since then he has been working in a cigarette factory. In view of the present value of gold and platinum, it is evident that he is carrying about in his body quite a considerable amount of wealth, and it is stated that special measures are being taken to protect him against criminals.

PAINT LICK WINS LAST GAME OF SEASON

Clell Tatum, who is to pitch for Richmond against the Louisville Colonels here on Oct. 12, twirled the Paint Lick nine to a shut-out victory over the Dixie Ice Cream team from Lexington at Paint Lick Friday. He allowed only 5 hits. The game was a real pitchers' battle from start to finish. Tatum, however, holding the enemy at his mercy throughout. He is sore to prove the only pitcher in this neck of the woods to face Louisville. Paint Lick scored one tally in the first and two others in the second but from that time on they were the victims of sterling pitching. Tatum struck out 15 of the men who faced him while his team cracked out eight hits in scoring their three runs.

This was the last game which will be played by the Paint Lick nine which has won more games than lost. The lineup to face the Lexington team was as follows: Tatum, pitcher; Roop, catcher; Lewis first; S. Rogers second; Ginter short; Lackey third; Dunn left; Hensley center; and Daerson right.

GINTER IS SENT TO SHORT BY HISLE

Richmond baseball fans are becoming very enthusiastic about the game here October 12 with the Louisville Colonels and especially so since they know the type of team which is to take the field for the locals. The old reliable shortstop, George Ginter, has been secured to cover his old position against the Colonels. This will add great strength to the local defense and offense. George has a great record having started his career with the Eastern Normal nine several years ago and playing all over the country. On the Eastern nine he was the star for several years at short. From there he went into the old Blue Grass league playing second for Richmond. He returned to short when he signed with the A-hornd club of the Mountain State League a little later. After that he played semi-pro ball with Jenkins, still covering short. Other places where Ginter displayed his wares are Lakeland, of the Florida State League, Macon, Ga., of the South Atlantic League, Norwood, a Cincinnati team, and some with Winchester in the Blue Grass league this season. In the season of 1920 he played short for Winchester when they had the best semi-pro team in the state.

All of the fans know what a real player George is and that the Colonels will find a stumbling block in him. He is one of the best ever produced in this part of the country and Manager Hisle is to be congratulated upon securing his services.

REDS FINISH SECOND

Cincinnati, Oct. 2.—Cincinnati won both games of a double header from Pittsburg Sunday and took second place in the final championship standing in the National League. The scores were 5 to 4 and 5 to 1. Due to the cracking of the Pittsburg infield in the last inning of the first game, the Reds were enabled to snatch victory out of defeat after two men had been retired. In the second game, Rixey, although crippled with a fractured hand, pitched remarkable ball. He would have shut out his opponents but for an error behind him. Glazner was knocked out of the box.

PLUNGES TO DEATH IN RIVER IN CAR

Mrs. Millard Farthing Drowns
Sunday Afternoon When She
Loses Control of Machine

Mrs. Millard Farthing of Shear, was drowned about 2 o'clock Sunday afternoon at Boonesboro on the Kentucky river when an automobile, which she was trying to learn to drive, got beyond her control and plunged down the bank into the river. A niece, Miss Quisenberry, was with her in the car at the time but she was rescued before the waters of the river closed over the car. The body of Mrs. Farthing was recovered some time later but the car was not found Sunday.

Mrs. Farthing had gone to the river for an outing with a party of friends. The car was parked facing the river bank and left while the picnic lunch was eaten. Soon afterward, Mrs. Farthing remarked: "I'm going to learn to drive that car right now, and seated herself at the wheel, her niece getting in with her.

The picnic was held right at the site of Daniel Boone's fort and there was little in the way of shrubbery at that point to prevent the machine rolling right on into the river once it got started. Mrs. Farthing seemed unable to manage the car and before help could reach her, it plunged down the declivity to the river. The screams of the two women were pitiable as the car shot on toward the water below. The car is said to have turned over twice as it hurtled downward. A number saw the tragedy being enacted before their very eyes but were powerless to do a thing to prevent it and stood horror-stricken. Members of the picnic party, jolly and happy a few moments before, hastened to do what they could but were unable to reach the machine in time to give the least assistance toward regaining control of it, and before a thing could be done it had shot into the river. Every effort was then made to rescue the two women, but only Miss Quisenberry could be gotten out in time to save her life.

Millard Farthing, husband of the victim, is L. & N. agent at Shear station, now called by the name of Boonesboro.
